

OPERATION HER ONLY CHANCE

Was Cured by Lydia E. Pinkham's Vegetable Compound

Adrian, Ga.—"I suffered untold misery from a female weakness and disease, and I could not stand more than a minute at a time. My doctor said an operation was the only chance I had, and I dreaded it almost as much as death. One day I was reading how other women had been cured by Lydia E. Pinkham's Vegetable Compound, and decided to try it. Before I had taken one bottle I was better, and now I am completely cured."—LARA V. HENRY, Route No. 8, Adrian, Ga.

Why will women take chances with an operation or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound? For thirty years it has been the standard remedy for female ills, and has cured thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, indigestion, and nervous prostration. If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Mrs. Pinkham at Lynn, Mass., for advice. Your letter will be absolutely confidential, and the advice free.

LOWERED WORLD'S RECORD.

Forest Smithson Knocks Off One-Fifth of a Second in Hurdling.

Seattle, May 7.—Forest Smithson, the Olympic champion hurdler, lowered the world's record for the 50-yard hurdles here last night. His time was 54.5 seconds, one-fifth of a second lower than the previous record.

Clifton School Bonds Carried. Clifton, Kan., May 7.—At the election to determine whether or not bonds for the erection of a new school house should be sold, the people of this city voted almost unanimously for the bonds. When the result of the vote became known, the school children paraded through the streets to show their appreciation.

A CLOSE SHAVE

Many of Them Happening Every Day But Soon Forgotten.

Close shaves would be of more frequent occurrence but for the tender faces of many men, which will not permit of shaving often. Heretofore, nothing has been said in these columns about possum, a new skin discovery in connection with the use of shaving. Its publicity and sales have been confined almost exclusively to its remarkable properties as an exfoliant cure; it stops the itching at once and cures the worst cases in a few days. While the application of possum after shaving is one of its minor uses, such as for pimples, the complexion, etc., shavers will find it a revelation, as it does for abrasions, roughness, and severe scrapings what it does for all manner of skin difficulties—beals and cures in a few hours. It is the only article possessing real antiseptic and curative value that has ever been exploited for this purpose, and will soothe and tone up the skin as no toilet preparation could possibly do. Possum can be had for fifty cents at any reliable drugstore, particularly Fred A. Snow, who makes a specialty of it. Or the Emergency Laboratories, No. 22 West 25th street, New York city, will send a trial supply free by mail to any one who will write for it. This is sufficient to show results in 24 hours.
